

National Bioethics Committee for Research

Members Professional Profile Form

Full Name	Dr. Natasha Anwar
Academic Qualification	PhD, Masters in Bioethics
Designation	Assistant Professor
Department/Institute	Pathology & Laboratory Medicine, Aga Khan University
Brief Summary	Dr. Natasha Anwar is a Clinical Scientist and Assistant Professor of Molecular Pathology in the Department of Pathology and Laboratory Medicine at Aga Khan University, with over 18 years of experience in molecular diagnostics, genomics, and laboratory leadership. She has played a key role in establishing molecular diagnostic services, expanding testing capabilities, and leading quality and accreditation initiatives, including CAP accreditation and regulatory licensing processes. As General Secretary of the Association of Molecular Pathology Pakistan (AMPP), she is actively involved in advancing molecular pathology and genomic medicine through professional education, workforce development, and national collaborations. Her professional interests include infectious diseases, oncology, rare genetic disorders, precision medicine, and integrated diagnostics, with a particular focus on strengthening capacity for molecular and genomic services in low- and middle-income settings. Dr. Anwar holds a Master's degree in Bioethics and serves as Associate Faculty at the Centre of Biomedical Ethics and Culture (CBEC), SIUT, where she teaches in postgraduate bioethics programmes. Her work sits at the intersection of molecular medicine, ethics, education, and health systems strengthening.
